

FOOD. COMMUNITY.OPPORTUNITY

1 JANUARY 2025 TO 31 DECEMBER 2027

At CAN Community Support we pay our respects to the traditional custodians of the land, the Wurundjeri people of the Kulin Nation and all elders past, present and emerging.

We will respect the land, animals and waterways from the roots of the earth to the tops of the trees. We will try our best to protect it. We understand that if we look after the country then the country will look after us.

Who we are

In the beginning

CAN Community Support is a part of the Church of All Nations Parish Mission (Carlton Uniting Church), which in turn is part of the Uniting Church in Australia. The CAN congregation has a proud history of supporting the community for over 150 years, with a focus on justice, hospitality and inclusion. The congregation has been home to people from many cultures who find a place where they can bring all of who they are and find connection with God and each other.

Today

CAN Community Support runs programs that focus on food security, family support, and social inclusion.

Registered Charity

CAN Community Support is a registered charity (Public Benevolent Institution) and is endorsed as a Deductible Gift Recipient under Subdivision 30-BA of the Income Tax Assessment Act 1997. All donations over \$2 are tax deductible.

How to read this document:

This document provides for a strategic framework to guide the work of CAN CS over the next 3 years.

The framework contains four objectives with accompanying goals pertaining to those objectives.

The framework includes an action plan to guide the implementation of the objectives and goals and provides an overall vision for the future. It is intended that the action plan will be reviewed and updated yearly. The action plan is a constantly evolving document and is not static.

The framework is summarised on pages 4 to 5 and the action plan appears from page 6.

CAN COMMUNITY SUPPORT: Food. Community. Opportunity

MISSION

CAN Community Support works alongside our neighbours in the Carlton public housing high rise towers and surrounds, to offer hospitality, support and welcome to those in our local neighbourhood. CAN Community Support works towards social justice, dignity, and inclusion for those it supports.

VISION

CAN Community Support empower local communities by working alongside local people to foster strong connections, learning, community building, and food security to ensure that high-rise public housing residents and those experiencing disadvantage or poverty have opportunities and support for a better future.

VALUES

Hospitality – "breaking bread together;" the ancient practice across faith traditions of welcoming the stranger through the sharing of food and life.

Inclusion – embracing diversity, and safe and welcoming participation of people regardless of socio-demographic status.

Dignity – valuing and respecting the inherent worth and individuality of each human and working towards mutuality by seeking opportunity for any contributions they are able to make.

Social Justice – recognizing and advocating for the basic human rights of those in our neighbourhood.

Strategic plan

	Strategic objective 1: Local Community - CAN CS engages broadly with local community to better understand and meet the needs and priorities of local community.					
Goal 1: Greater knowledge of current demographics and local needs and priorities.	Goal 2: Increase CAN CCS profile and relationship with public housing residents.	Goal 3: Remain aware and up to date with current issues facing public housing residents.	Goal 4: Improve and enhance knowledge of, and engagement with, local homeless population.	Goal 5: Engage with local businesses, organisations and services to partner for resourcing (eg. Food donations etc.), and volunteering.		
Strategic objective 2	: Program Develop	ment - CAN CS continuously impr	roves the operations of	its program delivery.		
Goal 1: Enhance processes for volunteer recruitment, co- ordination & training.	Goal 2: Improve efficiency of internal processes and systems.	Goal 3: Increase our knowledge of how we can work towards decolonisation* across the organisation and its' operations and activities. *decolonization is the process of undoing the dominant cultures, power structures, assumptions and language that is alienating. Working towards restorative justice, more sustainable land practices, returning what we can to First Peoples as the Uniting Church Australia has and is already	Goal 4: Improve cultural awareness particularly of those cultures residing in local public housing and First Peoples.	Goal 5: Focus on and ensure organisational sustainability.		

doing. For example, beginning our meetings and gatherings with an Acknowledgment of Country, increasing our solidarity with, and support of, Indigenous groups (e.g., Indigenous Hospitality House), seeking out local Indigenous groups and making a culturally safe space to include them. Holding to a principle of diversity by having Board members from diverse representative backgrounds (e.g., program users, volunteers, staff, different ethnic groups, local residents etc.).

Strategic Objective 3 – Program Delivery:

Strategic objective 3a: CAN CS volunteers have improved experiences Strategic objective 3b: CAN CS participants have improved experiences

Strategic objective 2:	ective 2: Program Development - CAN CS continuously improves the operations of its program delivery.					
Goal/s	How CAN will achieve those goals	Overall				
	Immediate term (with the funding we have now)	Shorter term (with the funding we have now or small increase in funding and/or resources)	Long term (i.e. with additional funding – big picture)	measurement		
	In the next 6 to 12 months (1 January 2025 to 30 June 2025)	Over the 12 months to 2 year term	Over the next 3 years			
Goal 1: Build volunteer co- ordination & training.	 Conduct an evaluation of volunteer experiences. Ensure there are clear "volunteer lead" roles - whether paid or unpaid. 	 Implement clear, documented orientation processes (including documentation for food security programs and homework club). Develop regular (compulsory and optional) training schedules for volunteers. 	 Employ a volunteer coordinator to work across programs. Ensure recommendations of evaluation (see left) are implemented. 	Designation of leadership and oversight of volunteers is clear, onboarding of volunteers is clear and streamlined. CAN CCS is compliant, and volunteers feel supported, valued and wellequipped.		

		o Develop team- building opportunities for volunteers.	CAN CS is viewed positively as a volunteering opportunity.
Goal 2: Refine and build on internal administrative processes.	 Development of Sharepoint system for all shared documents to support smooth succession planning and adequate access. 	 Develop and implement a donor database and engagement strategy. See above regarding orientation materials and processes. 	Administration is automated and smooth meaning time is freed up for program delivery.

Goal 3: Greater
knowledge of how
we can work
towards de-
colonisation*
across the
organisation.

- *Decolonization in this context is not only about First Peoples but also includes an approach that benefits us all (e.g., changing power structures, use of language such as participant rather than client, equity in how we work with people, advocacy and support and honouring those who are different to the prevailing culture ensuring we are not subtly 'othering'), including on the Board.
- Staff to enrol in external training, or internal training to be delivered to staff regarding Indigenous awareness and cultural sensitivities.
- o Provide/deliver staff/volunteer/student training to affirm our model and way of working, for example, the language we use, always being respectful etc.
- Cultural awareness training for the Board and staff.

- Review processes and policies involving engagement with indigenous volunteers, clients and stakeholders.
- o Conduct an
 analysis of
 presence of
 Aboriginal
 residents in
 towers and their
 needs.
- Develop internal
 Reconciliation
 Action Plan draft
 that we can put
 to Indigenous
 people or groups
 for feedback.

- Work with Indigenous Hospitality House (IHH) to inform ourselves of their work, and discuss opportunities for support.
- Invite any IHH
 Indigenous staff to speak with the Board about their work with a view to support and advocate.
- o Identify local
 Aboriginal services
 and connect in
 person with the aim
 of informing them of
 what we have to
 offer.
- As we build relationships, explore the possibility of a person from one or more of the above services to support/run

CCS staff, Board members, volunteers and participants are culturally aware and supportive in relation to decolonisation* and Indigenous communities.

CAN CS have personal relationship with local Aboriginal programs and organisations, with knowledge of staff names.

CAN CS can service Aboriginal clients or refer on with ease.

Staff and volunteers have received training and participated in conversations

			staff/volunteer training.	that have equipped them to always receive Aboriginal people in a culturally sensitive and appropriate manner. CAN CS has built
				strong links with IHH.
Goal 4: Focus on and ensure organisational sustainability.	 Conduct a financial forecasting exercise for the duration of this framework (3 years) and identify any issues and challenges. Continue to work harmoniously with the CAN congregation. 	 Ensure review of CAN CS board to maintain diverse and appropriate mix of skills for strong governance. Conduct regular performance reviews and professional development opportunities with current staff. Strengthen volunteer experience to 	o Employ strengthened fundraising strategies (see below).	

ensure volunteer sustainability (discussed above).

Strategic Objective 3 – Program Delivery:

Strategic objective 3a: CAN CS volunteers have improved experiences.
Strategic objective 3b: CAN CS participants have improved experiences.

Strategic obj	Strategic objective 3b: CAN CS participants have improved experiences.				
Goal/s	How CAN will achieve those goals			Overall	
	Immediate term (with the funding we have now) In the next 6 to 12 months (1 January 2025 to 30 June 2025)	Shorter term (with the funding we have now or small increase in funding and/or resources) Over the 12 month to 2 year term	Long term (i.e. with additional funding – big picture) Over the next 3 years	measurement	
Homework club.	 Develop and implement clearer child safety policies. Provide improved access to child safety policies to staff and volunteers and general public. Improved access to important shared information for volunteers. Improved communication 	 Develop and implement parental/families' agreement and a Code of Conduct which must be signed by parents, kept central/digitally and renewed yearly. Increase consultation with families and volunteers. 	o Build management and leadership processes to ensure child safety and other compliance and work towards expansion of homework club based on assessed needs of local community.	Homework club runs safely and efficiently and can expand to safely and effectively meet needs of local community. All staff, volunteers and participants are trained regularly in child safety and have access to	

	channels with volunteers. Introduce parent agreement and intake documentation at commencement of homework club.	o Develop and implement evaluation plan.		policies and procedures.
Market and pantry.	 Improve analysis and understanding of statistics for food pantry (i.e., numbers accessing market and pantry). Increase in-kind regular food donations (for example from local businesses and organisations such as Bakers Delight, Woolworths, Rotary). This can be achieved by local engagement and direct requests. Continue to build on Form-Filling and Advocacy program to meet need for systemic 	o Explore possibilities for creating a space to be used for confidential conversations with pantry users.	 Increase amount of food people can access – larger food parcels Increase frequency of access to food parcels. Increase funding/grants/in-kind contributions to allow for additional parcels/fresh food for those who assist in the pantry and need to access food. Increase availability for particularly vulnerable groups e.g., Asylum seekers, 	Clients are serviced adequately and are able to access market and pantry according to need and vulnerability.

	advocacy and basic form-filling support from students/volunteers		homeless, recently released from prison, Indigenous.	
Community lunch.	 Expand volunteer base for cooking roster. Build public profile of community lunch. 	 Employ a community lunch co-coordinator who can focus on hosting and provide cohesion across program, support for volunteers and clear leadership of program. Improve experience of kitchen for cook volunteers. 	o Improve or find a new physical space that is adequately temperature controlled, inviting and friendly.	Community Lunch has a solid core of local people who attend to share a healthy meal and enjoy a sense of belonging to local community. Community lunch volunteers feel valued and wellequipped to cook lunch. The roster can be filled for cooking lunch.

Women's Group and Playgroup.	 Continue to work in partnership with Our Place to deliver bi-lingual playgroup. Raise profile of women's group in local community to continue to build offering to local women. 	 Explore opportunities for Women's Group to grow and develop such as identifying what are the unmet needs of the women. Develop simple feedback and evaluation processes for program improvement and development. 		
All programs	 Ensure safety for staff by developing and delivering safety awareness training and processes. Ensure appropriate safety procedures for all staff when co-ordinating programs. Ensure two staff members are on shift together at programs at any one time. Develop a volunteer agreement outlining parameters of CAN CS. 	 Ensure safety for staff by conducting regular simulation or role-play drills. Review alert/alarm system for pantry/market room. Observe better practices around confidentiality. Develop confidentiality training and guidelines. 	o Improve evaluation processes for all programs.	

Goal/s	How CAN will achieve those go	Overall		
	Immediate term (with the funding we have now) In the next 6 to 12 months (1 January 2025 to 30 June 2025)	Shorter term (with the funding we have now or small increase in funding and/or resources) Over the 12 months to 2-year term	Long term (i.e. with additional funding – big picture) Over the next 3 years	measurement
Donor base (appeals, regular donors)	 Conduct a mapping exercise to map connections, network etc Develop a new fundraising database and trainer/training. Employ a solid donor engagement strategy. 	 Engage operations manager or consultant for greater streamlining of administrative processes accompanied with training for staff. 	 Organised data Donors become partners Donors spreading the word in their local circles Increase regular donors 	CAN staff no longer spending as much time writing grants. Greater diversity of donors – local businesses, younger people etc.

Grants	 Trial grant writer. Greater funding security for food programs (Food programs come under the banner of "Nourish Carlton": Community Pantry, Community Free Fresh Food Market, Community Meals). 			Family Learning Program, Women's Group, and Playgroup solely funded on grants.
Events	Networking with CAN hiring groups & others—look for further benefit concert opportunities, publicity and other shared event opportunities.	o Building partnerships/relationships with students.	 Increase event opportunities (run by third parties or donors). Conduct events that attract younger cohorts. 	

Bequests		 Employ a solid bequest engagement strategy. 	
Overall financial sustainability	Develop 3-year financial forecast and accompanying finance strategy.
